

# Electric Moving Cart LFC170F3

- Safe Handling
- Automatic Lifting
- Convenient Vehicle Carrying

# Electric Moving Cart LFC170F3

## Item Details

Rising  
Falling

Forward  
Fast  
Backward  
Slow

**Lifting Control Handle**  
Loading Plate Rising/Falling

**Moving Control Handle**  
Forward/Backward  
High Speed/Low Speed

**Safety**  
Quickly Pull Out/Put Away to  
Secure Cargo

**Lifting Lead Screw**  
Ball Screw, More Stable  
Rising/Falling for Loading Plate

**Battery**  
Play And Plug With Auto Connection  
Independent Switch,  
Display battery level and voltage

**Pedal Switch**

**Auxiliary Moving Wheels**  
Metal Auxiliary Wheels for  
Plane Motion

**Expanded Condition**

**Loading Board**  
Structure with Reinforced  
Welding, Alloy Steel Material

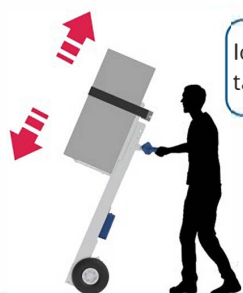

**Auxiliary Tooling for Plane**  
Auxiliary Casters for  
Easy Movement

**Brake Motor**  
Switch-off Power, Manual Operating

**Driving Wheel**  
Wear-resisting Rubber,  
Shockproof Pneumatic Tyre

## Technical Parameter

### Electric Drive----Mile Range·Speed Capacity

load lifting/lowering  
takes **20 seconds**

Fully charged cargo lifting times

**200 times**

Speed on Ground  
**0.85m/s**

Mile Range on Plane

**About 3 hours**

Mile Range on Upslope

**About 1 hour**

LFC170F3

Model	LFC170F3
Item Weight	53.8KG
Maximum Capacity	170KG
Lifting stroke	800mm
Loading board maximum height	820mm
Max Crawling Slope	15°
Auxiliary Tooling for Plane	YES
Lifting Motor Parameter	48V120W
moving Motor Parameter	48V500W
Motor holding brake	YES
Noise Level	< 70dB
Protection Grade	IP33
Size	650x770x1285mm

## ACCESSORIES

**Lithium Battery**

Battery Capacity: 48V 10AH

Battery Weight: 3.2KG

**Charger**

Input: 100V-240V

Output: 54.6V 4A

**Safety Strap**

Size: 25x1500MM

Self-retracting Ratchet Strap

# Electric Moving Cart LFC170F3

## PRODUCT FUNCTIONS

## APPLICATIONS

Warehouse

Factory

Shopping Mall

Hospital
