

PE sump pallets

PE sump pallets with an ideal price/performance ratio

CEMO always offers a suitable solution when it comes to collecting water-polluting substances. Environmentally compatible, proper and safe storage of hazardous materials is an important topic for every company.

Caustic, flammable, explosive, fire-promoting or toxic substances require special care during handling and storage. For purposes of protection and a clean environment, we have developed a range of PE sump pallets which offer great

functionality and high resistance against acids and lyes thanks to the diverse variation options which ensures an ideal price/performance ratio for you.

high chemical resistance

great functionality

various variants: with fixing pins, feet, skids or rollers

the tray can be placed directly on the floor or a Euro pallet

PE small container and rack trays

PE sump pallet with a collection volume of 242 l

PE filling station with a collection volume of 450 l
